OBJECTIVE:

Aspiring Data Scientist with hands-on experience in Python, data analysis, and machine learning through internship projects. Seeking an entry-level opportunity to apply analytical skills and build data-driven solutions in a dynamic organization.

EDUCATION:

Master of Computer application

April 2026

S. K. Patel Institute of Management & Computer Studies

- MCA graduate with strong knowledge in programming (Python), data structures, database management, and data analysis. Experienced in developing applications and working on real-world projects during internship, with a focus on data science and machine learning.
- Used theoretical knowledge to solve real challenges in academic projects.
- Actively participated in group initiatives to improve cooperation and communication skills in a collaborative atmosphere.

Bachelor of Computer Applications

April 2023

S. K. Patel Institute of Management & Computer Studies

- Specialized in Application Development, focusing on designing, coding, and deploying software solutions to address real-world challenges.
-

TECHNICAL SKILLS:

- Programming: Python
 - Libraries: Pandas, NumPy, Scikit-learn
 - Data Visualization: Power BI, Matplotlib
 - Database: SQL
 - Tools: Excel, Git
-

PROJECTS:

- **Project Title: Food Connect**
 - Developed ML model to predict restaurant ratings
 - Performed data cleaning & preprocessing
 - Applied EDA to identify trends
 - Used Python, Pandas, Scikit-learn
 - Achieved accurate prediction results
-

EXPERIENCE:

Brainy Beam Info-Tech Pvt Ltd

Apr-2026

Data Science Intern – Brainy Beam Info-Tech Pvt Ltd

(Dec 2025 – Apr 2026)

- Worked on real-world datasets for analysis and prediction
 - Performed data preprocessing and visualization
 - Built machine learning model for "Food Connect" project
 - Collaborated with team members on project development
-

CERTIFICATIONS:

- Python – 101 for Data Science (IBM)
- Data Analysis with Python (IBM)
